Toshiba recommends Windows 8.1

	Satellite U920t-B918
Processor	3rd generation Intel® Core™ i3-3227U Processor for Ultrabook™. clock speed : 1.90 GHz. 3rd level cache : 3 MB.
Operating system	**Windows 8 Single Language 64-bit (pre-installed).**
Design Colour	colour : Precious Silver Finish with Brown Woven Texture, black tile keyboard on silver metal base .
System memory	standard : 4,096 MB. maximum expandability : 8,192 MB. technology : DDR3 RAM (1,600 MHz) .
Solid State Drive	capacity : 128 GB.
Display	size : 31.75cm (12.5") . Toshiba HD TFT High Brightness touch display with 16 : 9 aspect ratio, scratch resistant Corning® Gorilla® Glass and LED backlighting . internal resolution : 1,366 x 768 .
Graphics adapter	Intel® HD Graphics 4000 . memory amount : up to 1,664 MB shared memory with 4 GB system memory installed, (with pre-installed 64-bit operating system) .
Internal video modes	resolution : 1,366 x 768 .
Interfaces	1 x external Headphone (stereo) / Microphone combo socket . 1 x integrated 3.0 MP web camera with Auto Focus (rear) and 1.0 MP web camera with Ambient Light Sensor (front) with built-in microphone facing the user . 1 x HDMI-out supporting 1080p signal format . 2 x USB 3.0 (one supporting USB Sleep-and-Charge with Auto mode detection) . SD™ Card Reader (supports SD™ Card up to 2 GB, miniSD™/microSD™ Card with adapter up to 2 GB, SDHC™ Card up to 32 GB and SDXC™ Card up to 2 TB) . 1 x
Expansion	1 x memory slot .
Wireless communication	Compliancy : Wi-Fi™ . Network Support : 802.11b/g/n . Manufacturer : Intel®. Wireless Technology : Wireless LAN . Version : Intel® Centrino® Wireless-N 2230 . Manufacturer : Intel®. Wireless Technology : Bluetooth® 4.0 .
Keyboard	keys : 87 . Windows keys : Yes . special features : Black tile keyboard on silver metal base with illumination .
Pointing device	Capacitive touch display with scratch resistant Corning® Gorilla® Glass and 5 points multi-finger support . Clickpad with multi-touch control gestures supporting various scroll, zoom and launch functionalities at your fingertips. .
Battery	technology : Lithium-ion polymer, 3 cell . maximum life : up to 4h00min (Mobile Mark™ 2012) .
AC adapter	input voltage : autosensing AC adapter (100/240 V) for worldwide usage . output voltage : 19 V. output current : 2.37 A.
Physical dimensions	W x L x H : 326.5 x 213.0 x 19.9 mm. weight : starting at 1.52 kg.
Sound system	supported audio format : 24-bit stereo . speakers : built-in stereo speakers, enhanced by SRS Premium Sound 3D™ .
Warranty	2 years international Carry-in. Toshiba also offers a large range of services to upgrade your standard warranty, please have a look at our website http://www.toshibaemea.com/servicesolutions to find the right service for your product. .
Bundled hardware	AC adapter .
Bundled software	McAfee® Internet Security (includes complimentary 30 day subscription) .Microsoft® Office trial .Intel® AppUp Center .Intel® Rapid Storage Technology .Nero 12 Essentials .TOSHIBA Function Key .TOSHIBA Media Player by sMedio TrueLink+ .TOSHIBA Desktop Assist .TOSHIBA Service Station .TOSHIBA System Settings .TOSHIBA Tempro .Intel® Rapid Start Technology Software .McAfee® Anti Theft .SRS Premium Sound 3D™ .TOSHIBA Eco Utility™ .Intel® Wireless Display .McAfee® Security Advisor for Toshiba .Microsoft® FreshPaint .Microsoft® Solitair Collection .TOSHIBA PC Health Monitor .TOSHIBA Recovery Media Creator .TOSHIBA Places .TOSHIBA Resolution+ Plug-in for Windows Media Player .TOSHIBA Tablet Easy Control .
Security features	user password .supervisor password .HDD password on request .
Special features	3D Acceleration sensor .GPS .HD Audio supporting .Enhanced Intel® SpeedStep® Technology .SM BIOS compliant .ENERGY STAR qualified computer .
Casework	magnesium + polycarbonate ABS .

Certification	The manufacturer declares that this product complies with the following directives and regulations for the CE-marking. Responsible for CE marking is Toshiba Europe GmbH, Hammfelddam 8, 41460 Neuss, Germany. .

CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modeling software and in areas with low air pressure at high altitude (1,000 metres above sea level) and/or certain temperatures. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba web site: www.computers.toshiba-europe.com and/or contact Toshiba Technical Support. - Graphics processor unit (GPU) performance may vary depending on product model, design configuration, applications, power management settings and features utilized. - Part of the main system memory may be used by the graphics system and therefore reduce the amount of main system memory available. - For PCs configured with 4 GB of system memory, the full system memory space for computing activities will be considerably less and will vary by model and system configuration. - For information about upgrading your system memory please refer to the user manual or contact your local Toshiba service provider. - One GB means one billion bytes, accessible capacity may be less. - Wired and wireless communication capabilities to be applied in countries where approved. - Battery life may vary depending on applications, power management settings and features utilized. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that is shipped with your computer or visit the Toshiba web site at www.computers.toshiba-europe.com. - Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. - Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected. - Please check your system specifications to ensure optimal results. - Certain notebook chassis are designed to accommodate all possible configurations for an entire product series. Your selected model may not have all the features and specifications corresponding to all of the icons or switches shown on the notebook chassis. - Performance may vary depending on product model, configuration, video content/format/settings as well as the performance variations of individual hardware components. Results were achieved on select models and configurations tested by Toshiba at the time of publication.
